Measurement Ltd is pleased to announce exciting new initiatives to concentrate and develop the growing Industrial Sensor Business. The corporate headquarters in the USA is moving to Newport News, Virginia in June and will expand the resources of the Sensor Technology Center. The China Office has relocated to custom-built offices in the Bao An District of Shen Zhen. In conjunction with this, all industrial sensor products will be sold and marketed through our Sensor Division: **Pressure-Sensor.com** to allow us to focus and concentrate resources.

The well-known and successful consumer products, including Accutire pressure gauges, Accutape distance estimators, Accupost scales, and OEM bathroom scales will continue to be sold and marketed by Measurement Ltd
